Optional local guided tour in the largest urban redevelopment area in Europe  
*Ulrike Herrmann, S.T.E.R.N., Association for cautious Urban Renewal, Berlin* |
Stakeholder Workshop 2 –  
Future research areas on Urban Sustainability in Europe

Process in parallel Sub-groups

Day one

Parallel Session A: Appraisal of Sustainability in Urban Europe (1:15 hrs)

1. Introduction of Participants  
Brief presentation of participants and their backgrounds. “What is your relation to the given topical area?”
Method: Tour de table – 30 min.

2. Problem Identification  
What are the core problems and challenges in the given thematic area?  
Method: Collective brainstorming (collecting suggestions on cards and clustering the results) – 45 min.

Parallel Session B: Visions for Sustainable Cities (1:30 hrs)

3. Visions / Possible Solutions  
Visions of desired future directions (horizon 2015). What visions of the future are preferable?  
Method: Individual brainstorming with cards, discussion and generation of common ideas on desired future directions – 60 min.

4. Current Solution Trends  
Input on current development and policy trends, good practices and state-of-the-art of research in Europe  
Method: Presentation by one participant (researcher) – presentation (20 min.), brief answers & questions – 30 min

Parallel Session C: Making the Vision happen (1:15 hrs)

5. Policy Needs and Measures for Implementation at European Level  
a) In which fields of action do you see additional need for activities?
b) What kind of policy measures are currently missing?  
Output: List of prioritised action fields with policy measures (use result table) – 75 min.

-----------------------------------------------------------------------------------------------------------------
Day Two

**Parallel Session D: How can Research facilitate Urban Sustainability (2:20 hrs)**

6. **Themes for research**
What are the knowledge gaps in the identified action fields? What are relevant research questions?
Method: Open discussion and collection of items on board. Output: Catalogue of knowledge gaps and research questions (use result table) – 70 min.

7. **Types of Research and Concrete Actions**
Recommended ideas for types of future research at European level and concrete actions (to be carried out by URBAN-Net or other organisations)
How can the implementation of research results be improved?
Method: Open discussion and collection on board – 70 min.
